

BASIC PISTOL COURSE (NRA)

The Basic Pistol course is a ten-hour block of instruction taught by a National Rifle Association (NRA) certified instructor. This course consists of several practical exercises on the firing range, in addition to cleaning and proper storage.

Students will learn about gun safety and proper handling; the ability to identify a variety of pistols; the fundamentals of pistol shooting and marksmanship; and pistol firing position.

COURSE GOAL

To teach the basic knowledge, skills, and attitude needed for safely owning and using a pistol.

LESSONS

- Safe Gun Handling
- Pistol Knowledge
- Ammunition
- Fundamentals of Pistol Shooting
- Firing the First Shots
- One-handed and Two-handed Shooting Positions
- Pistol Sports & Activities
- Live Fire Exercises (*under the careful eye of a NRA Certified Instructor*)

PREREQUISITES

There are no prerequisites for this course.

COURSE COMPLETION

Students will receive a course certificate upon successful completion of lessons and a passing grade on the written test administered at the end of the course. Student will receive the "Basic Practical" rocker upon successful demonstration of "grouping."
