

## SHOTGUN (NRA)

### COURSE OVERVIEW

The National Rifle Association (NRA) Basic Shotgun course is designed to teach students about the safe handling, shooting fundamentals, shooting positions, and other applications of the shotgun.

This is a hands-on course, ideal for those who are new to shotguns and would like to learn about their proper handling and use.

### COURSE GOAL

To teach the basic knowledge, skills, and attitude needed for safely owning and using a shotgun.

### LESSONS

- Introduction to Shotgun Safety, Parts, and Operation
- Introduction to Ammunition
- Fundamentals of Shotgun Shooting
- Cleaning and Storage of your Shotgun
- Shotgun Shooting Applications and Styles
- Live Fire Exercises *(under the careful eye of a NRA Certified Instructor)*

### PREREQUISITES

There are no prerequisites for this course.

### COURSE COMPLETION

Students will receive a course certificate upon successful completion of the lessons and a passing grade on examination administered at the conclusion of the course.

### WHAT YOU NEED TO BRING:

- Shotgun (If needed you may rent one at the range)
- Ammunition – 50 rounds
- Eye and Ear Protection
